

Site Information

Parcel Size in Acres / Square Feet _____ / _____
 Proposed Site Coverage (include all impervious surfaces and *required* landscape areas): _____ Sq. Ft.
 Non-buildable Areas (required buffers, critical areas etc.) _____ Sq. Ft.
 Comprehensive Plan Designation: _____
 Type of Construction per Building Code: _____
 Type of Occupancy per Building Code: _____
 Flood Plain Classification (if applicable): _____
 Critical Areas: Wetlands Streams or Ponds Steep Slopes (15% or greater) Wildlife Habitat N/A
 Zoning Designation: _____
 Shoreline Classification: Conservancy Rural Urban N/A
 Existing Structures: (please indicate structures, type, approximate location, and whether they will remain or be removed)

Setbacks (measured from the property line to the closest vertical wall)

	<u>Proposed/Existing</u>	<u>Required by Zoning</u>
Front Yard:	_____	_____ minimum
Rear Yard:	_____	_____ minimum
Side Yard (interior):	_____	_____ minimum
Side Yard (interior):	_____	_____ minimum
Side Yard (street):	_____	_____ minimum
Side Yard (arterial street)	_____	_____ minimum
From Adjacent Residential Use	_____	_____ minimum
Building Height:	_____	_____ maximum
Lot Coverage:	_____	_____ maximum
Lot Width:	_____	_____ minimum
Lot Length:	_____	_____ minimum
Lot Size (Square Feet):	_____	_____ minimum
Floor Area Ratio:	_____	_____ maximum
Number of Parking Stalls:	_____	_____ minimum
<u>No. of Spaces</u>	<u>Ratio(s) Applied/Uses</u>	<u>Type of Occupancy</u>
_____	_____	_____
_____	_____	_____
_____	_____	_____

Total Spaces: _____

Proposed Floor Area:

Retail: _____ Sq. Ft. Office: _____ Sq. Ft. Industrial: _____ Sq. Ft.
 Other Commercial: _____ Sq. Ft.

Note: Include auxiliary space attributable to each dominant category: e.g.: corridors, restrooms, support office etc.

REQUIREMENTS FOR SUBMITTAL OF 'PRELIMINARY' SITE PLAN

The purpose of the 'preliminary' site plan review is for the Development Center to check for code compliance prior to the applicant making significant investments in detailed architectural, engineering, legal or other professional services. State Environmental Policy Act (SEPA) review, if applicable, is typically performed during this process.

The following requirements are the minimum necessary to process the review of your preliminary site plan. The plan should be neatly drawn to scale and presented in a manner that clearly portrays the extent of the proposed development;

- 1) Vicinity Map:** An area map showing the proposed site and its geographic relationship to major natural and built features (streets, water bodies, etc) within one (1) mile in all directions from the site.
- 2) Site Plan:** The site plan shall show the property's lot dimensions, boundaries, tax assessor's parcel numbers and square footage.
- 3) North Arrow and Graphic Scale:** The site plan shall be drawn on a 24" x 36" sheet using conventional cartographic techniques such as providing a north arrow (top or left reading on the sheet) and graphic scale. The following scales are suggested (unless a scale of similar format (e.g. 1" = 40') is accepted by the city):
 - 1" = 20' (sites under 4 acres)
 - 1" = 50' (sites 4 acres or larger)
- 4) Existing Elements:** The plan shall: Locate and identify structures and conditions (natural and built) that exist on-site prior to development including such items as buildings, roads, paved areas, water courses, significant vegetation, underground tanks, points of connection to utility systems, and fences. The plan should also depict existing adjacent structures and conditions such as public or private roads; parking areas, railroad tracks, water courses, etc, and shall show the adjacent existing land uses (residential, commercial, etc), and zoning designations.
- 5) Critical Areas Data:** In addition to the Critical Area ID Form, the plan shall show and delineate the boundaries of all on-site or adjacent (within 100') critical areas including streams, ponds, wetlands, steep slopes, etc. as defined pursuant to PMC 21.06.
- 6) Existing Easements:** The plan shall locate and show the dimensions of all easements on the site; indicate the easement holder and purpose.
- 7) Proposed Structures Data:** The plan shall clearly identify and locate all proposed structures including height and dimensions of all buildings, decks and fences; the plan should also show dimensions from the proposed structures to property lines, distances between buildings, and main door locations; the plan shall indicate the proposed location of fences, walls, underground tanks, refuse collection areas, etc; the plan shall also show areas reserved for future building, if known.
- 8) Proposed Traffic Access, Circulation and Paved Areas:** The plan shall locate and identify proposed parking areas, driveways, public streets (to be dedicated); also show dimensions of parking stalls, aisles, driveways, and sidewalks; show type of pavement; show wheel stops and curbs; show provisions for handicapped parking and access ramps.
- 9) Draft Landscape Plan:** The plan shall identify possible types of plantings and location proposed for landscaping and open space and indicate the coverage of landscaping and a percentage of the overall site size. It is not necessary to indicate exact size and specific species of plants for 'preliminary' site plan review, although, if available, this information is encouraged. For all projects involving new structures of 10,000 square feet or greater or 20,000 square feet or greater of affected site area; a landscape plan shall be prepared by a professional landscape architect licensed in this state, unless this requirement is expressly waived by the Community Development Director. For smaller projects with unique site or development characteristics, the Community Development Director shall have the authority to require that a landscape plan be prepared by a professional landscape architect licensed in this state.
- 10) Proposed Lighting:** The plan shall indicate the location and type of proposed lighting fixtures for developments adjacent to residential areas; plans shall also show shielded light fixture locations.
- 11) Existing Contours and Finished Grade:** The plan shall show existing contours at an interval appropriate to depict the underlying land structure (usually 2'); the plan shall also show finished grades depicted either by contour or contour/spot elevation. A separate grading plan may be necessary for projects with major grading/topographic features.

Requirements for submittal continued....

12) Building Data: The plan shall show the following information about the proposed buildings:

- a) Building occupancy division by use (office, shop, etc)
- b) Total building area
- c) Gross floor area by use/occupancy class
- d) Type of construction per Uniform Building Code
- e) Any hazardous materials proposed for storage or use in the building
- f) Building elevations may be required to determine compliance with residential or commercial design standards

13) Site Data:

- a) Number of dwelling units (residential developments only)
- b) Number of parking spaces provided and required by city code (by type: standard, compact, handicapped, etc)
- c) Total impervious surface (square footage)
- d) Indicate dimensions and square footage of all landscaped areas
- e) Indicate accessible path from right of way to building
- f) Indicate area for refuse and recycling collection.

14) Major Issues Discussed During Pre-Application Meeting:

The processing of this application may require additional supporting evidence, data or statements; e.g.: critical area assessments, traffic assessments, noise assessments etc.

At this stage, the applicant should contact the following utilities to insure availability:

Telephone:	Sewer	Water	Electricity & Gas	Cable
Qwest 800-526-3557 AT&T Residential 800-222-0330 AT&T Business 800-222-0400	City of Puyallup (253) 841-5481	City of Puyallup (253)841-5481 -or- Fruitland Mutual Water (253)848-5519	Puget Sound Energy 888-321-7779 425-452-1234	Comcast 877-824-2288

CERTIFICATION:

I hereby state that I am the applicant listed above, and certify that all information contained above and in exhibits attached hereto is true and correct to the best of my knowledge and belief and is submitted for consideration by the City of Puyallup, pursuant to the provision of the Puyallup Municipal Code. It is understood that the processing of this application may require additional supporting evidence, data or statements.

RIGHT OF ENTRY: By signing this application the applicant grants unto the City and its agents the right to enter upon the premises for purpose of conducting all necessary inspection to determine compliance with applicable laws, codes and regulations. This right of entry shall continue until a certificate of occupancy is issued for the property.
