

Public Comments

The public has the right to review contents of the official file for the proposal, provide written comments, participate in the public hearings/meetings, and request a copy of the final decision. The application file is available for public review during normal business hours at the Development Services Center, 2nd floor, 333 South Meridian, 98371.

Written comments will be accepted if filed with the Development Services Department on or before 5PM on:

December 10, 2019

Environmental Review (SEPA)

The City may issue a Determination of Non-Significance (DNS) or Mitigated Determination of Non-Significance (MDNS) for this proposal under the optional DNS SEPA process, provided in WAC 197-11-355. **This may be your only opportunity to comment on the environmental impacts of the proposed project.** The proposal may include mitigation measures under applicable codes, and the project review process may incorporate or require mitigation measures regardless of whether an EIS is prepared. A copy of the subsequent threshold determination for the proposal may be obtained upon request. **Environmental mitigation measures under consideration:** *None identified as of the date of this mailer.*
