

# TEMPORARY STREET CAFES

**Street cafés.** A great way to increase business capacity, encourage visitors and add vitality to our downtown. Street cafes function as an extension to an existing restaurant’s seating area and are permitted during regular operating business hours of the host establishment. Street or alley closures (full or partial) are required and approved on a case-by-case basis through a site visit. A Special Events Permit is required. The intent of the City’s OPEN(Air) Pilot Program is to increase capacity for businesses so that they can continue to operate during under COVID-19 restrictions, while ensuring public safety and continued adherence to state guidelines. **The Pilot Program begins on June 30, 2020 and ends on October 31, 2020.**

## HOW DO I GET STARTED?

1. Review site location to determine if a street café is appropriate.
2. **Consider your site plan:** Determine which street would need closing and during what hours. Dimensions of dining area location or other area to be used, proposed type of seating, proposed markings/barricades used and proposed signage.
3. Businesses serving food are responsible for meeting the requirements of the Tacoma Pierce County Health Department (TPCHD). Contact: [food@tpchd.org](mailto:food@tpchd.org) or (253) 798-4711.
